

# *Australian Aortic Support Group*

SPONSORED BY THE BAIRD INSTITUTE

*The Baird Institute is committed to supporting patients and families living with aortic disease.*

For some, living with an aortic condition may cause worry and often involves life-long medical care. The Baird Institute is helping to kick-start a group that is created by patients, for patients, to build a supportive community for those with the shared experience of living with aortic disease.

The group will be a forum for patients to share practical tips and emotional support, to help navigate life and to thrive after being diagnosed with aortic disease.

**You're invited to join the inaugural meeting which will be held over morning tea.**

**When:** 23rd of May 2026  
at 10am.

**Where:** Camperdown Commons  
31A Mallett St  
Camperdown.

**RSVP:** 15/5/2026
